PROGRAM LENGTH: 55 minutes. Allow 45 minutes between assemblies. Program length can be adjusted upon request.

SET-UP/TEAR DOWN TIME:  1.5 hours before and after the assembly program.

DESCRIPTION: The Physics Force duo of former physics teachers, Hank Ryan and Jack Netland, go above and beyond (literally) to educate, demonstrate, and entertain K-12 students with their blend of slapstick comedy and entertaining physics. The visual excitement of a Physics Force Show brings wonder and scientific enthusiasm to thousands of K-12 students each year. This program comes to the U.P. from the School of Physics & Astronomy at the University of Minnesota. http://www.physics.umn.edu/outreach/pforce/
