2012 Water Festival
at MTU’s Great Lakes Research Center

~FREE for students in the CCISD & GOISD~

Join us at the Great Lakes Research Center (GLRC)
on MTU’s waterfront campus for an exciting day of activities that will increase your students’ knowledge of Great Lakes science and social studies!

Morning and afternoon sessions will offer students four engaging standards-based experiences taught by MTU scientists, students, and community members involved in Great Lakes and STEM career fields.

Lessons will span content areas and provide hands-on learning opportunities for students.

A variety of lessons offered:
- Wildlife of the Great Lakes
- Early explorers
- Non-native invaders
- Keweenaw boulder garden
- Groundwater moves
- Low impact development
- Geo-wall demonstrations
- Great Lakes plants
- Food chains and food webs
- Creative expression
- Plankton up close!
- Remotely Operated Vehicles
- How Do You Make a Lake Trout? fish lab
- Water sampling

Sessions will be conducted at the GLRC, providing opportunity to tour the facility and see active Great Lakes research.

Choose one session to attend:
Morning: 8:40 am - 11:35 am
Afternoon: 11:55 am - 2:55 pm

Reserve Early!
(space for 20 classes per session)
